

SPLIT THE TICKET WITH VFDA THIS WINTER

Every dollar raised will be matched by a local heating company to help someone in their community.

The Split the Ticket Program has delivered nearly 75,000 gallons of heating fuel over the past ten years.

Vermont's heating fuel and heating service providers are mostly small, family-owned businesses.

They are often the first to hear about and respond to a heating emergency in their community.

Fuel, equipment, and service donated by these local businesses are matched with financial contributions from the community, providing heat to even more Vermonters.

All financial contributions are matched by donations of fuel, equipment, and service—none are used to administer the program.

What people are saying about Split the Ticket....

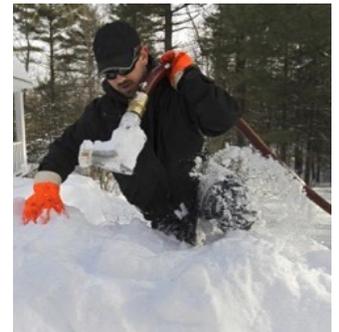

When she stopped by our office, we explained to her how the Split the Ticket Program worked and she replied: "I need to sit down. I'm going to faint."

Her husband passed away and she has been burning wood. Her back has gone out and she is unable to put wood in the stove, and is having financial difficulty.

Our Split the Ticket recipient lost her husband four days before Christmas. She now has to raise her young boys alone and is struggling to make ends meet.

He would never ask for assistance, in fact we called him first to ask if it would be OK. He was so very happy and thankful that we would even think of such a thing to do for him.

She began to cry when I told her she was to receive a free delivery of fuel. She said she was "grateful to live in a country that takes care of its people in times of need."
