Complex Limit Controls (FIR-22)

May 9, 2017 – 8:00 am – 4:30 pm Instructor – George Lanthier
AGC Building - 1 Graves Street - Montpelier, VT
8 NORA CEUs & 6 VT Oilheat CEUs

A seminar that focuses on the more complex of limit controls for air, steam and hot water systems. Covers both in-the-field and new controls entering the market. Features detailed information on troubleshooting limits after a brief review of the fundamentals of control theory. The program is not fuel specific and is ideal for anyone involved in residential heating system service and installation.

George Lanthier is a nationally known instructor and expert on oil burning equipment and HVAC trade issues. He has been a Massachusetts state certified instructor since 1975, a former Chief Instructor and Curriculum Coordinator for the New England Fuel Institute. George brings a veritable gold mine of real life experience and knowledge to the classroom. George has written articles for Contractor Canada, Oilheating, Fuel Oil News, Oil & Energy, and HVAC Insider, and has served on the Petroleum Marketing Education Foundation's Oil Heat Technician's Manual Editorial Steering Committee. His credits as an author also include Combustion & Oil Burning Equipment, The Riello Handbook, and the CMR 4 Guide. VFDA is pleased to bring this outstanding educational opportunity to Vermont.

Certificates: Suitable for framing, will be sent to all students completing the requirements of this seminar AFTER the seminar date. VFDA reserves the right to withhold certificates from students who depart prior to the end of the class or arrive late.

THE DETAILS:

Cancellation: VFDA reserves the right to cancel any and all seminars for lack of student registrations. Pre-registered students will be notified of cancellation using the contact information provided on the completed registration form. Firms that prepaid for cancelled seminars will receive a full refund.

Directions: For directions to the class location, please go to www.vermontfuel.com.

Documentation Requirements: There are no documentation requirements for this course.

Late Arrival/Early Departure: Please be on time for class. Certificates will only be issued to students completing all aspects of the class.

Lunch: is on your own.

Maximum: Only 20 students will be allowed to attend this seminar.

Absence: Firms registering students who fail to attend without prior notice on or before the registration deadline date will be billed and held liable for the full tuition.

Payment: Checks are payable to VFDA and must accompany the registration form. If you are a member, registration can be secured with a credit card or billed to you.

Registration Deadlines: Advanced registration is required. Registrations must be received by the dates(s) noted. VFDA urges you to fax your registration early to reserve your seat(s). Registrations are processed on a "first come, first served" basis.

Sign-in: Students attending must sign in with the instructor in order to receive a certificate. We ask that you please print clearly, illegible names will delay issuance of certificates.

Walk-in or Late Registration: VFDA does not, in any way, represent that it can accommodate walk-in students. VFDA will do its best to accommodate late registrants.

Tuition: *\$225 per student*

Questions: Please contact VFDA at (802) 230-4722 or email steph@vermontfuel.com
