

Vermont Electrical Class "S" A-1 Automatic Gas or Oil Heating Renewal Course

VTF-12 8 hrs NORA and 8 hrs VT Electrical (A-1) Renewal

March 28, 2019 - 8:00 AM - 4:30 PM

AGC Building - 1 Graves Street - Montpelier, VT

There are NO Vermont Oilheat or Propane Continuing Education credits approved for this course

This course is only for renewal of the Class "S" A1 automatic gas or oil heating Electrical License, and **does NOT provide CEUs for anything other than the A1 License.**

PRE-REQUISITES: For A1 renewals, candidates for this VFDA course **must have a valid A1 Electrical license from the State of Vermont.**

INSTRUCTOR: Steve Goodrich – 30 years of experience;

- Installation, service and repair of heating equipment
- Managing of Service Departments and Training of Personnel
- Customer Communications, explaining service, updating or replacing heating equipment
- Founder of Quality Plumbing & Heating and Kelly Fuels, both of Bennington, Vermont
- Vermont licensed Master Plumber
- Vermont Licensed Type S Journeyman electrician

- Vermont licensed oil heat technicians
- Massachusetts licensed journeyman plumber, oil burner technician
- PMAA Certified oil heat technician
- Past President of Vermont PHCC
- Past Instructor to Vermont Apprenticeship Program
- In addition to the day to day management of his companies, still very active in the service departments; taking calls, serving equipment, and continuing education

Code Books: No Code Books Required

What to Bring with you: You should bring a pen, #2 pencil, and a **METER (SEE "METERS")**.

Cancellation by VFDA: VFDA reserves the right to cancel seminars for lack of registrations, weather, etc. Pre-registered students will be notified of cancellation using the contact information provided on the completed registration form. Firms that prepaid for cancelled seminars will receive a full refund or have their payment applied toward the next offering of this course, whichever they prefer.

Cancellation by Student: Cancellation by student must be made in writing (fax, email) to VFDA on or before the registration deadline. There are no refunds for cancellations received after the registration deadline.

Certificates of Completion: Suitable for framing will be sent to students after the seminar.

Classroom format: This course is held in a classroom seating format; tables and chairs.

Continuing Education Units: This course has been approved for 8 hours of NORA Continuing Education Units. It is also approved for 8 hours for A1 License renewal originally granted by the Vermont Electrical Licensing Board. There are NO Vermont Division of Fire Safety OILHEAT or PROPANE Continuing Education Units approved for this course.

Hand-outs: VFDA will distribute its own hand-out materials to students participating in the course.

Lunch: is on your own, students will have 30 minutes for lunch.

METERS: Students are required to have a Volt-Ohm-Amp meter, or a Multi-meter for this class.

Minimum/Maximum: Minimum class size will be 12 students; maximum class is 25 students.

No Shows: Firms pre-registering students and failing to attend or canceling after registration deadline will be billed and liable for the full amount of tuition. We strongly urge substitutions when registered students find they will not attend once the registration deadline has passed.

Pre-Register: Please pre-register for these sessions.

Requirements: This course is for A1 Electrical License holders.

Re-Test: There is no option for re-testing of the VFDA Exam.

Schedule: 8:00 a.m. to 4:30 p.m. on the dates noted. Periodic breaks will be taken.

Tests: 25 questions for National Oilheat Research Alliance Continuing Education Units only. No test for A1 CEUs.

Tuition: \$225 per student

Walk-in or Late Registrations are discouraged. When classes are at capacity, VFDA cannot guarantee seating, or applicable publications, for walk-in or late registrants. Walk-in students will be turned away if there is not enough seating to accommodate both pre-registered and walk-in students.

Questions?: Contact VFDA at 802-223-7750 or email steph@vermontfuel.com
